

viprinet®

Technical Specifications

Polarization	vertical
Frequency	824 - 960 and 1710 - 2170 MHz
Gain	2dBi
Angle of Beam	360°
Connector	SMA male 90°
Cable	RG-174, 3 meters

Suitable for

- UMTS/HSPA/EDGE Hot Plug Module
- UMTS/HSPA+/EDGE Hot Plug Module

PRODUCT INFORMATION

UMTS/3G MINI WINDOW ANTENNA

Small but nice: The UMTS/3G mini window antenna is self-adhesive and can be attached to windows from inside. In many cases, the employable 3G bandwidth can be doubled. Moreover, it provides 3G reception even in structures with very poor mobile connection. Its long cable allows for setting up the router in a distance of up to 3 meters. It is also suited for the use in vehicles.
